Re: Erosion Control Product Acceptability Lists for Multi-Model Applications (PAL)

Synopsis of Changes for September 2006

1. ENCAP has gained interim approval in Soil Stabilizer Type B.
2. AEC E-Staple was approved as an anchoring device for Class I Urban erosion mats.
3. AEC Curlex 20 inch Sediment Log has gained approval in the category of Temporary Ditch Check.
4. Lange Industries Inlet Protection has gained approval in the category of Inlet Protection Type D.
5. Correction made Soil Stabilizer Type A listing; Airtrol manufacture to be listed as US Gypsum Company instead of the distributor Calfate.
6. Name change of all Synthetic Industries, SI Corporation, SI Geosolutions, Propex Fabrics Inc. to Propex Inc..
7. Removal of North American Green's S75BN from Class I Type B Urban, interim approval expired.
8. Removal of North American Green's S150BN from Class I Type B Urban, interim approval expired.
9. Removal of Erosion Control Blanket.com's P42 from Class III Type A, interim approval expired.
10. Editorial changes to Soil Stabilizers approval process.

Sincerely,

Peter Kemp
Chair, ECSW PAL Committee
